Sir:

Pursuant to 35 U.S.C. § 254 and 37 C.F.R. § 1.323, this is a request for the issuance of a Certificate of Correction in the above-identified patent. A copy of PTO Form 1050 is appended. The complete Certificate of Correction involves four pages.

The mistakes identified in the appended Form occurred through no fault of the Patent and Trademark Office, as disclosed by the records of the application, which matured into this patent. At Column 2, incorrect sequence identifiers were provided in the application as filed. The correct sequence identifiers are supported at Column 3. Lines 18-19 and Lines 32-34. Formal figure 1 replaced figure 1 as originally filed. Inadvertently, only page 3 of the figure was included in the formal drawings. Also enclosed is a copy of Printer Rush (PTO Assistance) indicating the examiner's recognition of these errors. These errors occurred in good faith without deceptive intent.

Issuance of the Certificate of Correction containing the corrections is earnestly requested. Please charge the requisite fee of \$100.00, and any additional fee, which may be associated to our Deposit Account No. 19-0733.

Respectfully submitted,

BANNER &amp; WITCOFF, LTD.

- Sequence Listing of 12-28-2000 cites 15 sequences on page 1 but contains 14 sequences

- STIC copy in CRFL 3-18-02 cites 14 sequences

- Spec page 4 of 31 12-28-2000 refers to Seq. List No 16

Should pp. 17-20 of Seq. List. be printed?

If so, where: with Seq. Listing or before Claim section

Please resolve      Thank you

**[XRUSH] RESPONSE:** The SEQLIST line 51102 of 12/24/2000 is an error and should refer to 14 sequences, the CRFL of 3/18/2002 is correct. Do NOT publish pages 13-18 of the 12/28/2000 SEQLIST, pages 19 and 20 are part of Figure 2, not page numbers. The references to SEQ ID No. 16 on page 4 of the specification are typographic errors. I have contacted the Attorney to suggest the file a Certificate of Correction. These issues do not affect the claims.
